YENİKAPI – EURASIA PERFORMANCE AND ART CENTER

Dr. Architect Kadir Topbaş Show and Art Center

As Türkiye's only fair dedicated exclusively to electricity and electrical equipment, **Electricity Eurasia** brought together industry professionals at the **Istanbul Expo Center** on **April 24–26, 2025**. With a comprehensive range of sub-sectors, the event showcased the latest technologies and innovative solutions to the Turkish market. The fair hosted buyers from across a wide region, including **Africa, the Balkans, the Middle East, Commonwealth of Independent States, Europe, and Gulf countries**, strengthening international trade connections.

Expanding its content and exhibitor count compared to its first edition, Electricity Eurasia addressed future-shaping themes in its 2025 summit program: **digitalization, efficiency, and sustainability in the electrical industry**. Over **4,000 industry professionals** came together with thought leaders over three days of panels and sessions.

We invite all companies, institutions, and professionals who believe in **Türkiye's strength** and want to explore the **future of electricity and emerging trends** to join us at **Electricity Eurasia 2026**, taking place on September 16–18, 2026 at the **Yenikapi – Eurasia Performance and Art Center, Dr. Architect Kadir Topbaş Show and Art Center**. Take your place now in this key platform where the public and private sectors will come together under one roof!

ELECTRICITY EURASIA 2025 **OPENING CEREMONY**

The opening speeches of Electricity Eurasia, Electricity and Electrical Equipment Fair were delivered by **Mr. H. Cem ŞENEL**, General Manager of TG Expo International Fairs, and **Mr. Ridvan MERTÖZ**, Chairperson of the Energy Working Group, and Member of Assembly of the İstanbul Chamber of Industry.

WHAT DID THEY SAY ABOUT ELECTRICITY EURASIA 2025?

Ali Aytemiz

Aytemiz-Makelsan Group, Chairman of the Board

When I look at the generator section of this exhibition, I see an enormous export potential. These kinds of fairs have always been a source of pride for Türkiye. I would like to thank everyone involved in organizing and launching such a valuable event. As the number of these exhibitions increases, more international visitors will come, Türkiye's recognition will grow, and our country's production will gain greater visibility.

Gökmen Özkara

*Center Dış Ticaret A.Ş., Brands
Sales Manager*

Electricity Eurasia is a fair we are attending for the first time. So far, it has met our expectations and continues to do so.

Tarık Akbaş

*Ekos Elektrik, Chairman of the Board
EMSAD, Board of Auditors Member*

We are very pleased to be at Electricity Eurasia today. As EMSAD, we are proud supporters of this fair. Since the opening, the sessions and talks have been highly informative. It's truly a space where the sector is properly represented.

Daniel Deji Ayodele

*Mindshift Empowerment & Employment
Initiative (MEEI), Founder*

Today, we are here at Electricity Eurasia. We have lead a delegation all the way from Nigeria, and it's truly an amazing place to be. We have met 80 exhibitors right here in İstanbul. The experience has been amazing from generators to different kinds of cables. We look forward to doing more with some of these companies.

Cafer Aslan

FMT Group, Country Manager

This is our first time exhibiting in Electricity Eurasia. It was an important fair for us. We are very pleased with the number of visitors from CIS and African countries, as well as with our exports to European countries.

WHAT DID THEY SAY ABOUT ELECTRICITY EURASIA 2025?

Burak Daşdemir

*Chambers of Turkish Engineers and Architects (TMMOB)
Istanbul Branch of the Chamber of Electrical
Engineers (EMO), Chairman*

We are very happy to take part in Electricity Eurasia as the Istanbul Branch of EMO. We also contributed to the fair by organizing a session on energy storage systems. It was a productive and well-attended event. We recognize the importance of such platforms for our industry and would gladly support future editions.

Kadir Yıldız

Emsa Generator, Domestic Sales Director

This is a fair that absolutely needs to take place in Türkiye. It has attracted high-level exhibitors and visitors both from within the country and abroad.

Mehmet Coşar

*Senpa Elektrik Otomasyon,
Owner & Partner*

The fair is quite lively, with a high number of exhibitors and visitors. We've had visits from engineering chambers, sales consultants, and international companies, which is very promising.

Assoc. Prof. Dr. Mehmet Akif Şenol

*Istanbul Topkapı University, Head of
Electrical and Electronics Engineering*

Electricity Eurasia stands out with its wide range of exhibitors covering a wide range of the electricity sector. This diversity reveals just how comprehensive and robust the platform is. We strongly believe Electricity Eurasia will make a great impact in Türkiye and grow into an even more influential event on an international scale in the coming years.

Emrah Sarıbaloğlu

Emek Kablo, International Sales Manager

From an industry perspective, this has been a very beneficial fair for us. The presence of EMO representatives and international visitors is particularly significant for Türkiye. We hope the fair will be organized again in the coming years.
